

MONOLITHIC PRODUCTS: ZERO LEAD TIME.

OUR MOST POPULAR PRODUCTS NOW IN STOCK BEFORE YOU NEED THEM

No one anticipates, responds and delivers like HarbisonWalker International (HWI). That's why we've ramped up inventory of our most popular monolithic products to ensure they are in stock before you'll ever need them. And we're strategically placing this increased inventory across North America so you'll get products faster than ever before.

YOUR FIRST AND ONLY CALL

If emergencies or unexpected outages happen, one call is all you need. Simply contact any of our global sourcing centers across North America and tell us what you need. Our team will jump into action to get product to you more quickly and efficiently than anywhere else. Same day or next day shipping is conveniently available to most major greater city areas.

NOT AN EMERGENCY? WE'RE STILL READY FOR YOU

We understand how important it is for you to have quality material on the ground in a timely manner. And even if it's not an emergency, we're working intensely to get our products to you more quickly than ever before. When you're on the job, the most valuable material is the material that's available. For standard orders, we are committed to a two-day lead time.

In-Stock Monolithic Products

Every day around the world, our people and products stand up to the challenges and pressures of every job. And for more than 150 years, companies have relied on our world-class products that continue to set the gold standard for the refractory industry.
