

## A HIGHER °DEGREE OF SAFETY

### Safety and Personal Protective Equipment

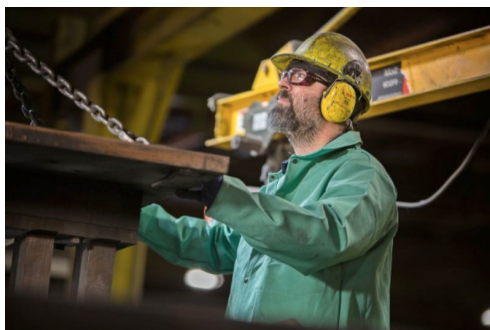

Here at HarbisonWalker International (HWI) we take safety seriously. In fact, it is our mission to ensure our employees leave their jobs each day in the same condition that they came into work.

Now, with key partnerships in place, HWI is proud to extend our safety mantra to all of our customers and partners. As 2017 gets underway, so do our efforts to supply high quality, industry leading safety and personal protective equipment (PPE) products to the marketplace.

With access to thousands of products in all categories of personal and industrial safety, HWI can help you keep yourselves and your people safe. Check out some of our latest product listings through our Products page on our website.

### GLOBAL SOURCING CENTER NETWORK

The products you need, when you need them. HWI delivers like a pro thanks in part to our 30 Global Sourcing Centers (GSC) strategically located across North America. Just like our industry leading refractory materials, HWI's safety and PPE products are available through any one of our local GSCs. Check us out online to find GSC locations, or call our toll-free number at the bottom of the page to immediately be connected to the global sourcing center nearest you.
